Stop buying *time* and start saving

> Instead of trying to fix the antiquated ‘block-hour’ pricing model we’ve challenged the status quo and created a completely new model.
>
> The DISTANCE CARD is a game changer because it offers true cost clarity, unparalleled flexibility, and convenience – all at a superior value.
> It’s unlike anything else in this market.
>
> *Peter Maestrales*
> *Airstream Jets Founder & CEO*

The DISTANCE CARD™ offered by Airstream Jets is the only private jet card program to offer pricing based on mileage as opposed to time. This innovative approach translates into a more versatile jet card that is superior to the competition in every way.

DISTANCE CARD combines the convenience of a jet card with the value and flexibility found only in on-demand charter.

Experience the latest innovation in private jet travel.

DISTANCE CARD™
by Airstream Jets

How it Works

The DISTANCE CARD is sold in increments of $25K or $100K and functions as a debit account.
Cardmembers select the most appropriate jet size on a trip-by-trip basis with no interchange fees.

Each trip is priced according to aircraft size and mileage using a simple formula:

Total Miles x Price Per Mile = Total Cost

Once the itinerary is confirmed, the trip's total cost is deducted from the cardmembers account balance.

There are no hidden costs and no surprises!

2026 DISTANCE CARD Rates

	Total Trip Distance (Statute Miles)			
Aircraft Size	3,000 + miles	2,000 to 2,999 miles	1,000 to 1,999 miles	0 to 999 miles
Small Jet *4 seats*	$14	$15	$18	$21
Light Jet *6 seats*	$16	$17	$19	$22
Mid Jet *7 seats*	$17	$19	$23	$26
Super-Mid Jet *8 seats*	$19	$22	$28	$31
Heavy Jet *10 seats*	$23	$27	$35	$37

DISTANCE CARD Web App

Revolutionary web based DISTANCE CARD app

Our Distance Card App is a web based application that runs on a web browser.

The Distance Card App is for members only and allows you to view your rate card, price a trip, book a trip, and check your account.
You no longer need to look up mileages between city pairs or email us to check pricing for an upcoming trip.

Airstream Jets intends to continuously release new features to the DISTANCE CARD app to provide you a best in-class jet card experience.

APP LOGIN

Effortlessly and instantly generate the flight cost for any trip, on any date, in the jet category of your choice.

Safety

TRUSTED TRAVEL

Aviation is full of new and ever changing variables that require constant risk assessment.
At Airstream Jets, we recognize that no two trips are ever the same. With that in mind, we do not solely rely on data provided by a safety management system.

At Airstream Jets, we utilize a dual-layer approach to safety auditing because your safety is a non-negotiable tenet of our business. We combine top-level, industry-accepted practices with real-world intelligence and logic that can only be achieved through decades of aviation experience.

We enlist third party auditors to ensure all operations are:
1. Conducted with the necessary certifications, ratings, and qualifications
2. Meet or exceed the standards and regulatory requirements set forth by the Federal Aviation Administration (FAA) and the U.S. Department of Transportation (DOT), or by the Aviation Authority within the region they are located if outside the USA.

Our in-house safety auditing is handled by experienced personnel, all of whom have a background in aircraft operations. The operational experience of our charter team allows us to identify and eliminate potential risks on a trip by trip basis. We focus heavily on crew experience and operational history to give you peace of mind anytime you and your loved ones travel.

ZERO INCIDENTS

Since Airstream Jets' founding in 2008, we are proud to have sourced and completed thousands of flights worldwide without a single incident of any kind. This zero incident history supports the effectiveness of our dual-layer approach and the trusted travel relationships we have developed within the Business Aviation community.
